## Project Management Team

At Liberty IRB our Project Management Team will guide you through every step of the review process from Study start-up, Site close-outs and all steps in between.

From the time your documents are received, your Project Manager will work with you individually on your study submission, ensuring accuracy from the very beginning.

This approach is continued after your initial study start-up. Keeping you informed, your Project Manager will continue to be your single contact at Liberty IRB throughout the entire process.
